

Get the perfect angle with the Innovation Lab Media Equipment Hire

Here at the Innovation Lab we have a wide range of media equipment to cover many bases of your production, from still cameras, high definition video cameras to various lenses and accessories.

Canon 5D MKIII

Capture the perfect moment in 1080p HD with the MKIII, resulting in perfect picture quality with colours that are bright, vibrant but also natural. Adjust the frame depending on your lighting for that professional finish.

Canon 5D MKIII

	Price
<i>Daily/ Weekend rate</i>	£53
<i>3-day rate</i>	£105
<i>Weekly rate</i>	£150
<i>2 weekly rate</i>	£250
<i>Monthly rate</i>	£500

Canon C300 MKII

If you desire high definition professional videos, we can support you with the C300 MKII. With 120 minutes recording capacity and 4K resolution it is perfect for capturing those momentary clips. With additional ports for additional audio accessories and 1080p slow-motion capture the C300 is versatile for any film maker.

Canon C300 MKII

	Price
<i>Daily/ Weekend rate</i>	£180
<i>3-day rate</i>	£385
<i>Weekly rate</i>	£700
<i>2 weekly rate</i>	£1150
<i>Monthly rate</i>	£1650

Lenses

From short distance to long range we have a selection of 3 different lenses to accommodate your requirements. These lenses come fully equip with adjustable zoom to get the perfect picture, not only this but all operate with Canons highest standard L-series optics.

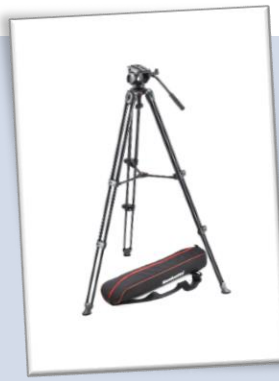

Canon EF 16-35mm

	Price
<i>Daily/ Weekend rate</i>	£34
<i>3-day rate</i>	£46
<i>Weekly rate</i>	£62
<i>2 weekly rate</i>	£100
<i>Monthly rate</i>	£170

Manfrotto 500 Twin Aluminium Leg Video System

For that stable and clear video, we can provide you with a tripod stand, this is perfect for getting the right angle or by getting a seamless and continuous pan shot. With adjustable height and angle lock you can rest assure you're getting the best quality finish.

Lighting

Achieve the tone, mood and atmosphere of your photography with our two different lighting kits. Manipulate the light of your background to successfully grasp the vibrancy and luminosity of your shot to really get that wow factor.

Microphones

Both cameras have a very impressive standard audio quality of 48KHz, this can be improved further however with the Rode NTG2 microphone to get clear and crisp sound quality whether you're recording inside or out in the wild.

Casings

For all media hire we supply you with heavy duty casing whether that be a backpack or case to keep the equipment safe and in premium condition wherever you may be.

Terms and conditions

Please read the additional terms and conditions for contractual hiring of the equipment. Identification must be provided as well as payments upfront of the date of hire. A signed copy of the terms and conditions must be submitted to the innovation lab by the hirer before the equipment can be removed from the lab.

For further information please contact us at the innovation lab.
